MAY CONTEST VOTE

STATE REPRESENTATIVE OFFICE MAY BE QUESTIONED

ROBEY LACKS 11 VOTES

New Count Shows Dan Baker Led Democratic Ticket, While Yeomans and Sawyers Followed.

That the office of representative from this county may be contested by either Arthur S. Robey, Democratic candidate or Charles Hyslop, Republican, as a result of the close vote cast for the two in Tuesday's election is indicated now. Hyslop's lead now, by a checked count of the returns as submitted by the election judges to County Clerk George Demott, is given as 11, while yesterday it ranged between 7 and 9.

It is predicted that there will be between eighteen and twenty "absentee" votes for Nodaway county, which will probably arrive tomorrow. They may decide who shall be the next representative or they may even place the two candidates closer in the race. J. G. Thornhill, presiding judge of the county court, said yesterday the court probably will not make an official canvass of the election returns until Saturday. The law requires, however, that it be made not more than five days after the election.

The total vote so far found for Robey is 2,867, while Hyslop's stands at 2,878.

Dan R. Baker, successful candidate for recorder of deeds, was high man on his ticket, having a majority of 719 votes over J. Arthur Wray.

Fred Yeomans, county clerk-elect, is next with 663 majority, William Sawyers third with 661 votes to the good,

FRED J. YEOMANS.

and Henry Westfall fourth with 653 majority over his Republican opponent.

Probate Judge W. H. Conn defeated Jesse F. Robertson by 151 votes.

William Blackford's vote for presiding judge of the county court is 3,116, while W. O. Garrett's vote is 3,005, giving Blackford a majority of 111.

John Campbell was defeated for a place on the county court by 124 votes by his Republican opponent, E. T. Bailey, present incumbent. Matt Farnan's plurality was 256 votes over Jesse Spoonemore.

In the race for congress the Nodaway voters gave 3,098 votes to Charles F. Booher, Democrat; 2,985 to M. E. Otis, Republican, giving Booher a lead of 113 over Otis.

On the Progressive ticket John Sewell was high man with 561 votes. He was followed in order by Clarence R. Leeper with 287, Fred P. Robinson with 282, Miss Jessie L. Parcher with 263, Nathaniel Sisson with 251, Madison Goodson with 215, W. H. Gilbert with 213, Mrs. Lula M. Robinson with 205 and R. L. McDougal with 180.

Miss Kate Schenck went to Kansas City Thursday morning to spend the day with friends.

VISITS SCHOOL; IS INJURED

Mrs. J. C. Ewing, Child Welfare Worker Breaks Arm at Jefferson Ward.

Mrs. J. C. Ewing, wife of J. C. Ewing, state organizer of the Child Welfare Circles of the Congress of Mothers, had her left arm broken between the wrist and elbow, the ankle of her right leg sprained and was bruised considerably about the head and shoulders, in a fall at the Jefferson ward school yesterday afternoon. She was removed to St. Francis hospital, where it was reported this morning she rested quite well last night.

Mr. and Mrs. Ewing had gone to the Jefferson school to visit the kindergarten class of Miss Ada S. Albert. As they started down a flight of steps Mrs. Ewing slipped and fell about five steps to the cement flooring. In falling she alighted on her head and shoulders in such a way as to place her weight on the broken arm and ankle.

The Ewing family formerly lived in Maryville, but now resides in Kansas City. They moved from here about twenty years ago. While here Mr. Ewing conducted the Maryville Business college. They have been in Maryville recently in the interest of the organization of Child Welfare Circles an auxiliary to the Parent-Teachers' association. It was partially on this mission that Mr. and Mrs. Ewing were visiting the Jefferson school yesterday when the accident occurred.

MANY HORSES ARE DYING.

Hopkins Farmers Lose Several Animals from "Corn Stalk" Disease.

According to the Hopkins Journal many horses in that community are dying, being the same disease of two years ago that killed so many horses in this county. Lyman Morehouse of that community has lost three high priced horses during the last few days with the "corn stalk disease," the animals being poisoned either by the stalks or from the drinking water. George Cassell lost a fine black horse this week with the same disease, and Bob Henry, on the Weeden farm, has lost two. Other horses have the disease, and it is said there is no relief. Mr. Cassell says his horse suffered awfully, pounding his head on the ground until its eyes popped from the head.

MEET FIRST TIME

PARENTS AND TEACHERS WILL DISCUSS SCHOOL TOPICS.

PLAN A GREATER WORK

With Proper Interest, City Superintendent Believes Association Can Improve Conditions Much.

The initial meeting of the Parent-Teachers' association of the present school term, will be held in the Washington school auditorium, beginning at 2:45 o'clock tomorrow afternoon. The regular meeting time is the second Friday of each month, but on account of the state teachers' meeting in St. Joseph the last three days of next week it was set forward this time one week.

It is planned this year to arouse a greater interest in the co-operative movement among teachers and parents of pupils and to do work in the schools this term that could not be attempted last year on account of an apparent lack of interest by the parents, according to Superintendent W. M. Westbrook. Each teacher of the ward and high schools is eligible as well as the parents of any school pupil.

The grade classes will be dismissed at the last recess tomorrow afternoon and the high school classes at the end of the fifth period, to permit all teachers to attend the Parent-Teachers' meeting.

The following program has been arranged for tomorrow:

Two songs by A seventh grade pupils of Miss Phylis Sayler.

Paper, "Some of the Difficulties in Interesting Parents in the Parent-Teachers' Association, and How to Overcome This," by Mrs. W. C. Van Cleve.

Discussion of foregoing topic.

Piano solo, by Miss Dorothy McDonald.

Address, "The Importance of Pupils Attending School Every Day," by Principal E. R. Utter.

Paper, "How to Secure Better Attendance," by Mrs. Eugene Ogden.

Discussion of two foregoing topics.

The officers of the association are Mrs. F. E. Farmer, president; Mrs. Eugene Ogden, vice president, and Mrs. Charles R. Gaugh, secretary.

IS SENT TO MEXICO BORDER

Frank Shoemaker May Buy Cattle in Southern Republic for Packing.

Frank G. Shoemaker, Jr., who has been visiting in the city with his parents, Mr. and Mrs. Frank G. Shoemaker and other relatives here, left this afternoon for El Paso, Tex., where he was instructed to go by Morris & company of Chicago. Mr. Shoemaker is connected with Morris & Co., with headquarters at Oklahoma City, Okla., and was intending to go back to that city today when word came for him to go at once to El Paso.

Mr. Shoemaker thinks he was sent to El Paso probably for the purpose of buying cattle in old Mexico. The Morris C. has a contract with the British government to furnish them with 100,000 pounds of canned beef daily for 90 days and since the Chicago yards are closed by quarantine the other yards of that company will have to furnish the meat.

General Villa of Mexico has a large number of cattle in old Mexico and as has been done in the past, he probably wants to dispose of them for the purpose of buying guns and ammunition. Mr. Shoemaker has been located at Oklahoma City for the last three years with Morris & Co., and his change to El Paso is only for a few months.

Mrs. Shoemaker and son, who are also visiting in the city with relatives, will remain here while Mr. Shoemaker is at El Paso.

MINKS AND GIANTS WIN.

Victorious Normal Fives Still Tie for Lead—Quintet is Crippled.

The Minks and the Giants still stand tied for first place in the Normal school basket ball league. The Minks defeated the Quintet 30 to 1, and the Giants won from the Allies by an 18 to 13 count in yesterday afternoon's contests.

The scores in the Mink-Quartet game was due in a measure to the fact that both Scott and Quinn were out of the game and the patched team was absolutely unable to stem the tide of defeat.

The Allies, strengthened by Watson, were nevertheless easily defeated by the Giants.

Summary of the games:

Minks—Field goals, Leech 3, Ford 4, Powell 5, Woodward 1; free throws, Brittain 1.

Giants—Field goals, Ham 4, Neil 1, Livengood 1; free throws, Vandersloot 6.

Allies—Field goals, Seymour 1, Scarlett 2, Watson 3; free throws, Gooden 1.

THANKS TO GIVERS

BLESSINGS TO PRESBYTERIAN DONATORS TO "CHRISTMAS" FUND

CHILDREN GAVE $89.00

Sent $213 to European War Stricken —Ship Will Sail With Supplies November 10.

"George H. Colbert. I have your letter of October 26th, enclosing draft for $213.25, representing the contribution of the Presbyterian Sunday school of Maryville to the Christmas ship fund.

"Please convey to these children my personal congratulations and thanks for their splendid work and assure them that their generosity not only has brought nearer the day when the dream of world peace will have become an actuality, but also will bring happiness into lives whose brightness has been darkened by the shadows of war. God bless them.

"Faithfully yours,

"J. KELLEY."

The foregoing letter has been received by Prof. Colbert, superintendent of the Presbyterian Sunday school in acknowledgment of the fund raised in the school and church ten days ago for the relief of the poor children of Europe whose parents have suffered either death or financial loss from the war now waging there.

It will be recalled that the Sunday school pupils alone gave $89 to the fund. Joseph Jackson duplicated that amount and the church congregation and several "outsiders" contributed the remainder. Mr. Kelley, who acknowledges the gift is at the head of the country-wide movement to secure the fund for a "Christmas ship."

This ship will sail from Brooklyn for Europe November 10. The fund secured over the country will be converted into clothing, non-perishable foods and toys, and will be equally distributed among the warring nations.

Democracy still lives, but the bull moose seems to be on his last legs.

One of the strange features of the European war is that while Belgium is calling on the world to feed her starving thousands who have been rendered homeless and helpless by the terrible devastation of their country, their capitol city of Brussels is compelled to pay a war indemnity to Germany of a half million dollars per month.

THE CONSTITUTIONAL AMENDMENTS.

From the way the voters of Missouri continue to "swat" proposed constitutional amendments, one must conclude that they are either satisfied with the constitution as it stands or that some other way must be adopted whereby it may be amended and made to fit present day conditions. Thirty-three amendments have been defeated at the last three elections, and not one has been adopted, although no one will deny that some one or more of that number must have been desirable. The present method is very expensive for the results that are being obtained.

The people have apparently favored referendum, and yet when confronted with the duty of determining the value of proposed constitutional amendments, enough of them to constitute a decided balance of power either will not take the trouble to advise themselves as to the desirability of the proposed amendments or are not willing to risk their judgment and vote no without consideration.

Of course, the submission of a large number of propositions at one time renders the task irksome and tends to confuse the public mind and prejudice the whole number in the eyes of the voters. If only a few were submitted at each election they might fare better.

Ultimately it would appear, a constitutional convention must be held if the constitution is ever to be changed.

CONGRESS DEMOCRATIC.

From the latest returns it seems that the next congress will continue to be under Democratic control, but with a largely decreased majority in the house. There will be a majority of about fourteen in the senate. In most of the states where senatorial elections were held both Democrats and Republicans held their own. In Illinois and Kansas, however, the result is still in doubt, and should the Democratic candidate win in either of those states he will displace a Republican and increase the Democratic majority in the senate. Democratic senators seem to have been elected also in California and South Dakota in place of Republicans.

In the house Democratic leaders expected a loss of at least forty members from Republican states on the assumed shrinkage of the Progressive vote. This seems to have been greater than anticipated, and, according to today's estimate, the Democrats will have only a majority of eighteen in the next house. A Democrat was elected in Kansas to succeed Victor Murdock, Progressive, who ran for the senate in order, as Sereno Payne, the old Republican war horse, said, "that he might have a bigger funeral."

The influence of manufacturers in the east, who failed to dictate the terms of the Underwood tariff bill, combined with the demoralization of business generally by the foreign war and the natural drift of Progressives back to the Republican party, resulted in heavy Democratic losses in New York, Connecticut, Rhode Island, Pennsylvania, Illinois and Ohio. The situation was somewhat aggravated, too, in New York and Ohio by lack of cooperation between different Democratic leaders.

Throughout the south, west and middle west, aside from Illinois, there doesn't seem to have been any radical changes. Altogether Democrats have won a victory over a reunited Republican party and adverse circumstances and have fared very well. With both branches of congress Democratic and in working harmony with the president, they may go ahead with the legislative program and continue constructive reforms in the interest of the people and for which they will later on be thankful.

Use "Gets-It," Corns Shrivel, Vanish!

It's the New Way, and You'll Forget You Ever Had Corns.

"2 drops put on in 2 seconds, corn shrivels, comes clean off!" That's the marvelous story of "GETS-IT," the new-plan corn cure. Nothing can be simpler for the cure of corns—and it

never fails. That's why millions of people are using "GETS-IT" today and throwing away their fussy plasters, sticky tape, toe-eating salves, and "wrapping outfits" that make a bundle around the toe and choke it into pain by pressing either on or around the corn. There is nothing to stick to your stocking, nothing to cause inflammation or rawness, nothing to press on or around the corn. You apply it in 2 seconds. No more knives, razors, scissors or files, with their blood-poison dangers. Try "GETS-IT" for that corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

The Underwear That Made A Hit With Bobby

Children like Duofold because it doesn't pinch or shrink like ordinary underwear, and because it keeps them warm without scratching like all-wool underwear does.

Duofold is different from any other underwear. It is a double garment, consisting of an outer fabric of warm, lightweight wool, and an inner lining of soft, thin cotton. The cotton absorbs the moisture of the body and protects the flesh from the irritating wool. The wool repels the winter's cold and retains the natural heat of the body.

The two fabrics are joined by wide stitching through which the air circulates and keeps the garments fresh and dry.

Thoughtful mothers insist upon having Duofold for their children because its scientific construction keeps the body at a more even, natural heat under all changes of temperature, thereby preventing many colds and much sickess.

We have it for boys and girls of all ages.

BRITISH SHIP SHELLING JIDDAH

Arabian City, In Which Is Said to Be Tomb of Eve, Bombarded.

London, Nov. 5.—The British cruiser Minerva has bombarded the Arabian town of Jiddah, on the Red sea. Jiddah, a town of some 30,000 inhabitants, is the chief seaport of Arabia, in the province of Hejaz, sixty-five miles northwest of Mecca. From the sea the white minarets show plainly within the walls of the town and give it a picturesque appearance. The angles of the walls on the sea front are surmounted by forts. In the northern part of the town is a tomb said to be that of Eve. Nearly half the population is Arabic. Large numbers of pilgrims pass through Jiddah each year on the Mecca pilgrimage.

Turkey has now definitely broken off diplomatic relations with Great Britain, France, Russia and Servia. Its diplomatic representatives in the capitals of these countries, acting on orders from the porte, demanded and received their passports. The powers which the Ottoman government thus defied are already taking warlike action against Turkey.

The British have destroyed Fort Akabah in Arabia, the Russians have invaded Asia Minor and an Anglo-French fleet is bombarding the forts of the Dardanelles.

London, Nov. 5.—A dispatch from Copenhagen says: "A fleet of German warships has gathered off the Aland islands, in the Baltic sea, northeast of Stockholm and opposite the entrance to the Gulf of Finland. They evidently were proceeding north and have stopped to await orders."

The report is being circulated in Dover that the German fleet has come out from its base. It is also reported from Dunkirk that four battleships and four cruisers have put to sea from Kiel.

With pressure on the Franco-Belgian sea coast relieved, interest in London has been diverted from land operations to naval movements.

The daring dash of a German squadron to within ten miles of the northeast coast of England indicates that the prolonged inactivity of the larger units of the German fleet has been broken by a raid on the coast of England, but much satisfaction is expressed that the cruiser Halcyon, by the clever seamanship of its commander, escaped from a tight corner practically uninjured. The retiring German squadron dropped floating mines in its track and this delayed pursuit.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25-cent Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine downy hair—new hair—growing all over the scalp.

SOFT FLUFFY HAIR IS FIRST AID TO BEAUTY

If your hair is not fluffy, soft and lustrous, is falling out, streaked, faded, brittle, or full of dandruff, and if the scalp itches, do not think it must always be that way, for pretty hair is only a matter of care and the use of the proper hair dressing. Your hair is like a plant—if neglected it soon dies, while with a little attention it keeps fresh and beautiful.

Parisian Sage is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate your hair to grow long, thick, fluffy, soft and lustrous. It removes all dandruff with one application and quickly stops itching head and falling hair. It is the ideal hair tonic and scalp treatment—contains nothing injurious and is delicately perfumed.

T. J. Parle or any druggist can supply you with Parisian Sage—it is inexpensive. You cannot be disappointed with this delightful and helpful toilet necessity, for it will surely give your hair the beauty and charm of youth.

SUFFRAGISTS LOSE FIVE OUT OF SEVEN

Votes For Women Gained In Two States, Montana and Nevada.

Chicago, Nov. 5.—Woman suffrage leaders rejoiced when belated returns indicate that votes for women had been apparently granted in two of the seven states voting on the question in Tuesday's election, with a third state in doubt. First returns had indicated defeat of the granting of the franchise to women in all seven states concerned.

Montana and Nevada, according to latest returns, granted votes to women, while Nebraska showed such a small vote against the proposal that the women claimed the state. Missouri, Ohio, and North and South Dakota refused to grant equal suffrage, the vote against granting the franchise to women increasing with the size of the population concerned.

In Montana, where the workers of the Woman's Suffrage association made heroic efforts to win the ballot, the vote was so close that the official count will be necessary to decide the outcome, but the women have a slight lead on unofficial returns.

In Nevada, which seems won to the cause of equal suffrage, 105 precincts out of 249 gave 3,619 votes for woman's suffrage and 2,508 against.

The effect of women's votes on prohibition in Tuesday's election indicated that women do not unanimously oppose saloons. Women failed in two Pacific coast states to turn out saloons, although the exact status of the female vote on the subject in California and Washington has not been tabulated yet. Both these states voted for the first time to oust saloons, and in both the voting of women is comparatively a novelty. The vote in favor of retaining saloons was large in both states.

Three States Go Wet, Three Dry.

Chicago, Nov. 5.—Three western states were aligned in the dry column, according to latest returns. Oregon, Arizona and Colorado voted for statewide prohibition by clear margins, say anti-liquor people. In addition the claim was made by anti-saloon workers here that the majority of Illinois legislators as a result of the election are "dry" in sentiment. Ohio, however, went overwhelmingly against prohibition, as did California and Washington.

New York Elects Socialist.

New York, Nov. 5.—A Socialist has been elected to congress for the first time in the history of New York. He is Meyer London of the Twelfth congressional district, who has been active in labor and Socialistic circles in this city for many years. He defeated Congressman Henry M. Goldfogle, the Democratic and Independence league candidate.

70 Shells Fired at Turkish Forts.

Paris, Nov. 5.—A dispatch to the Havas news agency from Athens says that the bombardment of the forts of the Dardanelles, which was participated in chiefly by the British fleet, was suspended momentarily, but later was resumed. Seventy shells in all were fired at the Turkish forts.

Republicans Win In Hawaii.

Honolulu, Nov. 5.—The Republicans were successful in the election held here, winning the territorial and municipal offices, with a few exceptions Hon. J. K. Kalanianaole (Prince Cupid) was re-elected delegate to congress by 3,000 plurality.

Burke Admits Election of Johnson.

Pierre, S. D., Nov. 5.—Congressman Burke admits the election of Ed S. Johnson, his Democratic opponent, to the senate by about 2,500, and he has wired Johnson congratulations. Democrats get congressman in the Third district.

FIGHT FOR HOUSE CONTROL CLOSE

Democratic Majority In Lower Body of Congress Greatly Cut.

REPUBLICANS ELECT 192 MEN

Democrats Have Named 226 Members, Progressives Ten and Socialists One. Six Districts Are Missing—Both Have Chance of Picking Three.

New York, Nov. 5.—Latest returns from Tuesday's elections indicate that the Democratic majority in the house of representatives for the Sixty-fourth congress will be reduced to eighteen. The probable Democratic majority in the senate will be ten.

Democrats have elected 225 members, Republicans, 192; Progressives, 10, and Socialists, 1. Of the six missing district, it was estimated that the Republicans and Democrats might elect three each.

Democrats Hold Senate.

The varying reports of the senate contests in Nevada, California, Kansas and Colorado gave no promise of reducing the Democratic majority of ten. Reports to the national Democratic committee were said to indicate the election of James D. Phelan of California to succeed Senator Perkins, a Republican, and the re-election of Senators Newlands and Thomas in Nevada and Colorado. In Kansas a close contest for the seat of Senator Bristow seemed to be between Representative Murdock (Prog.) and former Senator Curtis (Rep.), leaving Representative Neeley, the Democratic candidate, behind.

Gubernatorial Elections.

Incomplete returns from the twenty-nine states where gubernatorial elections were held showed that eleven Democrats and ten Republicans had been elected and that in seven states the result was apparently undetermined. In these seven states the Republican candidates were leading in five and the Democrats in two. California apparently had re-elected Governor Hiram Johnson (Prog.).

Of these twenty-nine states, sixteen at the present time have Democratic governors, eleven Republican governors and two Progressive governors.

States electing Democratic governors were Alabama, Arizona, Georgia, Massachusetts, Minnesota, Michigan, Nebraska, Oklahoma, South Carolina, Tennessee and Texas.

Republican governors were elected in Connecticut, Iowa, New Hampshire, New York, North Dakota, Ohio, Pennsylvania, Rhode Island, Vermont and Wisconsin. In Colorado, Kansas, Nevada, Oregon and South Dakota the Republican candidates were leading in late returns. In Idaho the Democratic candidate was leading and in Wyoming the Democratic and Progressive candidates.

New York, New Hampshire, Connecticut, Colorado and Ohio elected Republicans to succeed Democrats; Minnesota and Tennessee chose Democrats to succeed Republicans.

Washington, Nov. 5.—On the face of incomplete returns the fight for control of the house of representatives of the next congress is close—possibly closer than Democratic leaders have estimated.

MOSLEMS NOT WITH TURKEY

Aga Kahn Says Sultan Has Lost Job as Trustee For Islam.

London, Nov. 5.—Aga Khan, who is known as the spiritual head of the Mohammedans in India, east Africa and central Asia, has sent a cablegram from London, addressed to the Moslems in India and other British dominions, in which he expresses his deep sorrow that Turkey has joined hands with Germany in the war.

In this message Aga Khan says: "This is not the free will of the sultan, but the will of the German officers and other non-Moslems, who have forced him to do their bidding."

He declares further that Turkey has now lost its position as the trustee of Islam. It has drawn its sword in an unholy cause and the duty of the Moslem today is to remain loyal and faithful to their temporal and secular allegiance.

Go to Ames For Cross-Country Run.

Ames, Ia., Nov. 5.—Kansas and Nebraska universities notified Director Clyde Williams that they would have their cross-country teams here Saturday to run in the Missouri valley conference cross-country, which will be run off just before the whistle for the Ames-Cornell football game. Missouri will have the Tiger team here.

Carranza Moves Capital to Puebla.

El Paso, Tex., Nov. 5.—The Constitutional provisional government, with its cabinet members and archives, was moved to Puebla, where General Carranza has been for several days, said an official report received from Mexico City. The cause of the change of the government seat was not given.

F. Augustus Heinze Is Dead.

Saratoga, N. Y., Nov. 5.—F. Augustus Heinze, owner of immense copper interests in the west, died suddenly here. Mr. Heinze had made his home in Saratoga for the last six months, and his son, F. Augustus Heinze, Jr., was the only relative he had here. Mrs. Heinze died about a year ago.

TWO MORE STATES UNDER CATTLE BAN

New York and Maryland Added to Those Now Quarantined.

Washington, Nov. 5.—The worst outbreak of foot and mouth disease ever known in the United States is the department of agriculture's estimate of the live stock epidemic which has forced federal quarantine over six states and threatens a temporary reduction of the nation's food supply.

An emergency appropriation by congress may be required to finance the campaign to suppress the epidemic. Officials said it would be a week before they could forecast the extent to which the food supply would be affected. They are inclined to believe, however, that the shrinkage will not be large in spite of the inconvenience to which stock growers and packers will be subjected until the disease is under control.

Every possible effort will be made to remove handicaps upon the movement of live stock. The quarantine does not prevent the shipment of stock from unaffected districts to slaughter houses within the quarantined area, and there is no embargo against the shipment of dressed meat.

New York and Maryland were added to the list of quarantined states.

This outbreak, which is the first in the United States since 1908, is regarded as the most serious of any that the United States has yet experienced. Not only has it already spread over an extensive area, but its virulence seems to be above the average.

Chicago Stock Yards to Close.

Chicago, Nov. 5.—The Chicago Union Stock Yards, the largest cattle market in the world, which has been in continuous business since 1865, was ordered closed for several days because of the prevalence of the hoof and mouth disease among cattle. The closing order will go into effect at the close of business tomorrow.

London Fears For Bridges.

London, Nov. 5.—More stringent orders were issued in regard to the darkening of the city at night because of the fear of visits from hostile aeroplanes. The city is very dark now, but under the new orders the number of street lights will be reduced. Those on street cars are to be entirely obscured while they are crossing bridges.
